

ACRP Belgian CHAPTER MEETING

Tuesday, February 28, 2012

16.00 – 18.00 h.

Risk Based Approach

Risk based management is a systematic process put in place to identify, assess, control, communicate and review the risks associated with the clinical trial during its lifecycle.

The presentation will include the rationale behind the FDA, UK and EMEA reflection papers / guidances with particular attention to monitoring, followed by a discussion.

Presented by: Yves Geysels, PhD

Venue:

SGS Belgium NV, Generaal De Wittelaan 19A Bus 5, B - 2800 Mechelen

The Association of Clinical Research Professionals (ACRP) is the primary resource for clinical research professionals. ACRP is a global association comprised of more than 20,000 individuals in over 60 countries dedicated to clinical research and development. This meeting is open to members and non-members.
