

# New Mexico Chapter Newsletter

**Issue 4**

**July 2010**

## Recent Activities

### Last Social / Networking meeting....

Was unfortunately not well attended, but those of us who were there had a chance to enjoy a warm evening on Kelly's patio.

### eVolunteers

Our local Chapter is seeking 'eVolunteers' to help with input and ideas, editing of correspondence, etc.

I feel it is very important that all sectors of our local research community have a 'voice' ie; private practice, specialty groups, UNM, Lovelace Scientific Resources, coordinators, monitors, investigators...you get the idea.

Please email Robin or me! You may be recruited ☺ Time involved would be minimal and as you are available.

## Plans are in the works for our next Continuing Education Meeting

**Late September / Early October 2010.** Specific date TBD  
*Dinner provided*  
NM Clinical Research & Osteoporosis Center, Inc.  
300 Oak Street NE

### Audit Findings & GCP

Suzanne Heske, M.S., R.Ph.

A reminder memo will be sent via email closer to date with more details. You can check our Chapter website for any changes or updates.
