

The Greater San Antonio Chapter

Presents

Safety for Life

Guest Speaker: Duncan McCarroll, M.D.
Innovative Clinical Trials

November 14, 2011 at 6:00 PM

Cetero Research
5109 Medical Drive
San Antonio, TX 78229

Brief Program Description: This presentation will provide a general overview of what causes errors in a clinical setting and best practices on how to minimize them. Since to err is human, human error in clinical research is inevitable. In order to optimize safety, human errors must be minimized.

Errors result from three different types of human performance: skill based, ruled based, and knowledge based. Safety behaviors and error prevention techniques can greatly reduce human error in clinical research.

Program Objectives:

- describe how human errors occur
- illustrate safety behaviors
- present error prevention techniques

Program Agenda: 5:30 – 6:00 PM – Registration and Dinner
6:00 – 8:00 PM – Presentation
8:00 – 8:30 PM – Chapter Activity and Governance Update

Target Audience: Local Chapter members and guests to include CRAs, Study Coordinators, and Investigators.

Registration: Please register by sending an email confirmation to: sa_acrp@hotmail.com by November 11, 2011.

Cost: 2.0 CEUs will be offered for this event. CEU and event fees are considered separate. All fees are non-refundable and cancellations will not be accepted. There is a \$40 fee for non-members of ACRP (\$25 for CEUs paid directly to ACRP and \$15 to the local chapter). The fee includes the costs for the CEUs, presentation, and dinner. Members of ACRP that are not local Chapter members will be assessed a \$10 fee for the cost of dinner in addition to \$10 for the CEUs should you choose to request them. The local Chapter members will pay \$10 directly to ACRP should you choose to request CEUs.

When RSVP'ing to this email please indicate whether or not you are a member of the local chapter.
