Through our gold-standard education, the most rigorous certification process in the industry, and strong community connections — ACRP prepares clinical research professionals to be the study team members employers can trust to get it right.

MOVING THE PEOPLE AND PRACTICE OF CLINICAL RESEARCH FORWARD

- Giving Employers the Confidence to Know They're Hiring the Best of the Best
- Providing the Tools Clinical Research Professionals Need to Build Their Own Career Journeys
- Leading the Way for Workforce Development in Clinical Research
- Being the Most Passionate Advocate for the Clinical Research Profession
- Creating Connections through Community

**OUR MISSION**
Promoting Excellence in Clinical Research

**OUR VISION**
Clinical Research is Performed Ethically, Responsibly, and Professionally Everywhere in the World
ACRP is the only non-profit organization solely dedicated to representing, supporting, and advocating for clinical research professionals. We help ensure quality and integrity in the clinical research process.

MOVING THE PEOPLE AND PRACTICE OF CLINICAL RESEARCH FORWARD

The Most Rigorous Training and Continuing Education for Clinical Research Professionals

The clinical research industry relies on ACRP to set and serve as the standard of excellence in clinical research. Our educational training is one of few based on the Multi-Regional Clinical Trial Center’s Joint Task Force for Clinical Trial Competency.

The Industry’s Most Recognized and Respected Endorsement for Clinical Research Competency

More than 36,000 clinical research professionals have validated their clinical trial competency through successful completion of our industry-leading, accredited certification programs.

Leading the Way for Workforce Development in Clinical Research

We are committed to helping build a diverse, research-ready clinical trial workforce by raising awareness, setting standards, breaking barriers, and fostering thought leadership.
Every step of the way, ACRP helps organizations efficiently and confidently ensure their study teams are well trained, prepared, and supported. Our solutions are flexible, customizable, and scalable.

ACRP Partners Advancing the Clinical Research Workforce™

For industry leaders who are committed to building a diverse, research-ready clinical trial workforce, ACRP’s Partners Advancing the Clinical Research Workforce™ is a unique opportunity to impact the clinical research profession.

Members gain access to a preeminent industry consortium that is breaking down barriers to entry into the clinical research workforce and creating solutions to address global workforce challenges.

“We remain deeply committed to growing, developing, and diversifying the clinical research workforce, which serves a critical mission to advance public health. ACRP’s mission and collaboration are addressing important needs for this vital and rewarding profession.”

JENNIFER SHELLER, ACRP-CP
Global Clinical Trial Operations – North America Country Operations Head, Merck

ACRPnet.org/pacrw
ACRP Clinical Research Knowledge Assessment™

For employers and hiring managers who need to validate the foundational knowledge of their study teams, ACRP’s Clinical Research Knowledge Assessment™ is an efficient, effective solution.

Developed in conjunction with industry experts and pressure tested by thousands, ACRP’s Clinical Research Knowledge Assessment™ is a 50-question online assessment that tests core knowledge competencies and delivers peace of mind that employees have the foundational knowledge to do the important work in clinical research.
ACRP Early Talent Training Program™

For managers of clinical research teams who are committed to recruiting and retaining the best of the best, ACRP’s Early Talent Training Program™ is an ideal solution for accelerating talent onto study teams.

ACRP’s Early Talent Training Program™ is first of its kind, comprehensive curriculum that prepares candidates for the clinical research profession and empowers organizations to quickly onboard those who are new to clinical trials.

“This program has played a vital role in helping us attract, onboard, and retain new clinical research candidates for our fast-growing organization. The program enables aspiring clinical research professionals to accelerate their skills and comprehension. Our teammates gained the confidence and educational training to allow them to hit the ground running.”

R’KES STARLING, RPH, MBA
CEO & Founder, Reveles Clinical Services

ACRP Advancing People Advancing Health™

BENEFITS
Upon completion of ACRP’s Early Talent Training Program™, employees will be ACRP Research Ready™ and able to:
• Reference and Understand Use of Appropriate Regulations and Guidelines Utilized in Clinical Trials
• Utilize Common Clinical Research Terminology as a Foundation of Knowledge
• Relate Common ICH Guidelines to Your Organization’s Policies and Procedures
• Demonstrate Core Clinical Research Competencies as Defined by ACRP’s Clinical Research Knowledge Assessment™

Includes 1-Year ACRP Membership for All Course Participants

PROGRAM SPECS & CURRICULUM
• Blend of Self Study and Instructor-Led Training
• Module-Based for Flexible Delivery on Your Schedule
• Program Content Covers: The Big Picture of Clinical Research Competencies and the Professional Development of Clinical Researchers; Anatomy of a Clinical Trial Protocol; GCP; Ethics and Human Subject Protection; Essential Documents; Investigator Responsibilities; Informed Consent; Investigational Products; Subject Safety; Monitoring
• Features Demonstrations to Bring Learning to Life in “The Day in the Life of a Patient” and “The Day in the Life of a Clinical Trial Protocol”
• Concludes with ACRP’s Clinical Research Knowledge Assessment™

acrpnet.org/ettp
ACRP CRC Core Competency Foundations™ Training Program

For employers who need to onboard new coordinators and/or establish consistency in foundational knowledge to keep study teams working in lockstep, ACRP’s CRC Core Competency Foundations™ training program delivers practical, hands-on learning based on real-world protocol execution.

ACRP’s CRC Core Competency Foundations™ program is an ideal solution for onboarding new CRCs, accelerating time to competency, and helping standardize CRC training organization-wide.

ACRPnet.org/crcfoundations
ACRP CRA Core Competency Foundations™ Training Program

For employers who need to onboard new CRAs and/or establish consistency in foundational knowledge to keep study teams working in lockstep, ACRP’s CRA Core Competency Foundations™ training program delivers practical, hands-on learning based on real-world protocol execution.

ACRP’s CRA Core Competency Foundations™ program is an ideal solution for onboarding new CRAs, accelerating time to productivity, and helping standardize CRA training organization-wide.

BENEFITS

- Quickly and Efficiently Onboard New CRAs
- Ensure Competency in Foundational Knowledge Across the Study Team
- Standardize CRA Training
- Customize to Address Organization SOPs
- Receive Certificate of Completion Demonstrating Foundational Knowledge in Clinical Research

PROGRAM SPECS & CURRICULUM

- Blend of Self Study and Instructor-Led Training
- Module-Based for Flexible Delivery on Your Schedule
- Flexible Delivery Options, Including In-Person, Virtual, and Teach to Train
- Assesses Foundational Knowledge Competencies of Clinical Research Professionals, Based on the Core Competency Framework of the Joint Task Force for Clinical Trial Competency
- Program Content Covers: The Role of a CRA; GCP; Monitoring Overview; Verifying Site Qualifications; Evaluating and Ensuring Adequate PI Oversight; Validating Compliance with Protocol, GCPs, Human Subject Protection, and Data Management Requirements; Ensuring Proper IP Management
- Concludes with ACRP Clinical Research Knowledge Assessment™

acrpnet.org/crafoundations
ACRP Competency-Based Approach to PI Responsibilities™ Training Program

ACRP’s competency-based approach to PI training builds on foundational knowledge and provides practical, hands-on learning based on real-world scenarios, giving employers confidence that investigators are properly equipped to navigate problem resolution and risk mitigation.

ACRP’s Competency-Based Approach to PI Responsibilities™ program guides learners through interactive discussions of some of the most common challenges faced by investigators, providing a roadmap for a long and productive PI career.

“Investigators are inundated with GCP refresher courses that serve as useful reminders but fail to address the real-world challenges investigators face. This program is extremely valuable because it allows PIs to go beyond GCP guidelines, learn from the mistakes of others, and acquire practical approaches for avoiding common pitfalls. You are not going to get this anywhere else.”

DAVID MORIN, MD, FACP, CPI, FACRP
Director of Research, Holston Medical Group

BENEFITS
• Mitigate Common Risks Faced by Investigators
• Ensure Competency in Foundational Knowledge and the Ability to Apply Knowledge in Real-World Scenarios
• Standardize PI Training
• Customize to Address Organization SOPs
• Receive Certificate of Completion Demonstrating Foundational Knowledge in Clinical Research

PROGRAM SPECS & CURRICULUM
• 8-Hour Instructor-Led Training Program
• Flexible Virtual and In-Person Delivery Options
• Program Content Covers: Competency Self Assessment; PI Competency Definitions, Framework, Guidelines, and Regulatory Requirements; Training and Delegation; Oversight Competencies; Risk-Management: Creating Accountability and CAPAs; Competency Gaps

acrpnet.org/piresponsibilities
ACRP Project Management Best Practices™ Training Program

For employers looking to expand project management skills across the entire study team, ACRP’s Project Management Best Practices™ training program delivers practical, hands-on training specific to clinical research.

ACRP’s Project Management Best Practices™ training program is supported by case studies and real-world scenarios from clinical trials, making it a one-of-a-kind training solution.

ACRPnet.org/pmbestpractices

**BENEFITS**
- Quickly and Efficiently Onboard New Project Managers
- Ensure Project Management Competency Across the Study Team
- Standardize Project Manager Training
- Customize to Address Organization SOPs
- Receive Certificate of Completion Demonstrating Foundational Knowledge in Clinical Research

**PROGRAM SPECS & CURRICULUM**
- 8-Hour Instructor-Led Training Program
- Flexible Virtual and In-Person Delivery Options
- Program Content Covers: Traits and Competencies of a Good Project Manager; Communication Skills; Time Management; Collaboration and Team Building; Leadership and Taking the Lead; Work-Life Balance
ACRP Certification

ACRP Certification is an ideal solution for managers looking to enhance team knowledge, grow leaders, and signify to others that their study teams are among the best of the best.

ACRP Certification is the industry’s most recognized and respected endorsement of clinical research competency. More than 36,000 clinical research professionals have validated their competency through successful completion of ACRP’s industry-leading, accredited certification programs.

“We need to see our industry embrace professional certification. The only certifications I support are those from ACRP. When I see ACRP credentials behind a colleague’s name, I am confident they’re among the best of the best in our profession.”

CHRISTINE SENN, PhD, FACRP, CPI, CCRC, ACRP-CP
Chief Integration Officer, Centricity Research

BENEFITS
• Validate Team Competency and Build Staff Knowledge
• Provide Opportunities for Continuous Professional Development
• Differentiate Study Teams by Demonstrating Advanced Knowledge
• Improve Clinical Trial Operations, Including Higher Enrollment Rates, Lower Protocol Deviations, Fewer 483s, Improved Regulatory Compliance, and Better Inspection Performance*
• Save with Volume-Based Pricing

PROGRAMS
• ACRP Certified Professional (ACRP-CP®)
• Certified Clinical Research Associate (CCRA®)
• Certified Clinical Research Coordinator (CCRC®)
• Certified Principal Investigator (CPI®)
• ACRP Medical Device Professional (ACRP-MDP®)
• ACRP Project Manager (ACRP-PM®)

acrprnet.org/certification

* Research Projects Show Credentialed Principal Investigators and CRCs Perform Better (CenterWatch Weekly), CPI Certification as Predictor of Clinical Investigators’ Regulatory Compliance (Drug Information Journal); Certification in good clinical practice and clinical trial quality: A retrospective analysis of protocol adherence in four multicenter trials in the USA (Informa Healthcare)
ACRP Organization Membership

For organizations who want to provide their clinical study teams with continuous, ongoing education and professional development resources, Organization Membership is a turnkey and scalable solution.

With ACRP Membership, study teams stay engaged with the profession and get the tools they need to flourish.

BENEFITS
• Teams Can Access:
  • Branded Learning Portal Featuring
  • 200+ On-Demand ACRP Training, Continuing Education, and Certification Exam Preparation Modules
  • Unlimited ACRP Contact Hours for ACRP Certification Renewal
  • Breaking News & Regulatory Updates
  • ACRP Community and Members-Only Discussion Groups
  • ACRP Member Pricing for ACRP Certification and ACRP Annual Conference
  • Organizations Receive Recognition on ACRP’s Website and at ACRP’s Annual Conference, Plus a 20% Discount on Additional ACRP Programs & Services

PREMIUM BENEFITS
• Customized Learning Portal
• Consulting Hours to Build Tailored Learning Curricula
• Ability to Quickly and Easily Integrate Internal Training and/or SOPs
• ACRP Annual Conference Passes
ACRP Annual Conference

ACRP’s Annual Conference is the premier education and networking event for managers who want to support staff development and ensure team members are connected and up to date on the latest trends and developments in clinical research.

“My time at ACRP 2022 has been life changing. I am grateful for all the connections I have made and all the knowledge I have gained through this experience. Thank you ACRP for putting together an amazing conference. I look forward to being back next year.”

KHADIJAT ADETONA
Assistant Clinical Research Associate PPD, part of Thermo Fisher Scientific

BENEFITS

• Support Professional Development by Connecting Teams with Educational Sessions and Workshops Delivered by Experts in Clinical Trials
• Keep Team Members Connected with the Clinical Research Community
• Ensure Teams Up to Date On Latest Trends and Developments in Clinical Research
• Provide Opportunities to Showcase Knowledge and Expertise

ACRP 2023
ACRP 2023 is the place to be for clinical research professionals seeking inspiration, information, and connection.

Sheraton Dallas | April 28 – May 1, 2023

• 60+ Educational Workshops and Sessions
• 100+ Industry-Leading Speakers
• Up to 24 ACRP Contact Hours
• 100+ Leading-Edge Vendors and Suppliers
